

VIEW-MAX

SLIDING & DOUBLE HUNG WINDOW

Maximum View - Unlimited Possibilities

The View-Max window offers unparalleled levels of flexibility by allowing designers, architects, the choice of 76mm (Derwent) or 101.6mm (McArthur) framing to cater for both the slimline applications and those of a more robust commercial design.

The View-Max window offers the flexibility of single and double glazing options. The View-Max integrates a number of design initiatives unique to ALSPEC such as the proprietary locking, roller and drainage systems.

Key Features

- Commercially designed with sliding & double-hung options to suit 76mm and 101.6mm
- Developed specifically for multi-storey residential and architecturally designed housing
- 4mm up to 11mm monolithic glass and up to 16mm double glazed units. Superior thermal and acoustic performance (refer to test reports)
- Superior weather performance
- No tooling required, minimal processing, cost effective and simple fabrication

Specifications:

For structural performance refer to the ALSPEC Technical Manual.

Windows and Doors

- WERS Rated
- Designed to meet AS2047
